# AROUND THE HARBOR.

Congressmen Visit the Harbor.  
Schools and Colleges.

Minister of the Interior James A. King had charge of the visiting Representatives early yesterday morning, and for a couple of hours he pointed out the various points of interest around the harbor from the deck of the tug Eleu.

A visit was made to the dredger and the machinery explained. Then the dynamo was set in motion and the excellence of the plant dilated upon. Returning to the Pacific Mail wharf, they were met by Minister of Foreign Affairs Cooper, Minister Hatch and Professor Alexander, and they conducted the visitors in carriages to the various educational institutions throughout the city. The Congressional party was composed of Representatives Cannon, Berry, Tawney and Landenslager. As the guests of Minister Cooper, they were introduced to Professor Scott at the High School and by him shown through the various rooms. Later, Oahu College was visited, and Professor Hosmer supplied the information regarding the college. Other buildings visited were: St. Louis College, Royal and Kamehameha Schools, and the Beretania Street School, presided over by Miss Moloney.

Having thoroughly done the schools, the party visited the Pali, and at 2:30 sat down to a luncheon prepared by Caterer Chapman. As far as was possible the visitors walked over the new road, Messrs. Whitehouse and Wilson supplying the details as to grade, etc. The party returned to town at 4:30. Today they will leave Honolulu on a special train for Pearl Harbor at 7:30 o'clock, accompanied by Minister Sewall, B. F. Dillingham and a small party of men and the newspaper representatives. A steamer will take them about the harbor on a tour of inspection. A larger party will leave at 11:30 o'clock to join in a luau to be given by Mrs. C. A. Brown.

# RIFLE OFFERED.

By Sergeant Elvin for Best Shooting in Two Companies.

Sergeant Elvin, whose work in the capacity of superintendent at the military butts, has made an offer to Companies B and D of the N. G. H., which it is certain the members will not be slow to take up. Following is a copy of the notice that has been sent to each of the captains of the companies mentioned above:

"Honolulu, September 20, 1897.  
"To Captain \_\_\_\_\_, Commanding Company \_\_\_\_\_, N. G. H.:

"Dear Sir:—For the promotion of proficiency and accuracy in the use of the military rifle, I make Companies B and D the following offer:

"One 32-calibre Winchester target rifle of latest design, with all attachments; this rifle to become the property of the company whose member shall make the highest individual score on the first Saturday afternoon or Sunday morning of November, 1897.

"Rules governing the contest to be Blount's Manual, for 200 yards, barring uniforms; each company to enter at least 15 men and be represented at the butts by a commissioned or un-commissioned officer on the days of the shoot. The rifle is on exhibition at the military rifle range in the stall of Company D.

"Hoping this will awaken the enthusiasm and bring the companies to the standard which formerly prevailed, I remain yours respectfully,  
"C. ELVIN,  
"Sergeant."

# Expert Bicycle Builder.

The Pacific Cycle and Manufacturing Company has been most fortunate in securing the services of James W. Harvey, late formen of the California branch of the Pope Manufacturing Company, with headquarters in San Francisco. Mr. Harvey is a very successful bicycle builder, and is a man whose experience makes him a valuable man in Honolulu when repairing is found to be necessary. He was brought up in the factories of England and has been 14 years in the cycle business including two and a half years with the Pope Company.

Mr. Harvey is well known in San Francisco as the president of the California Cycle Club and as a record-maker on a tandem built by himself.

He came to Honolulu for his health and liked the place so well that he decided to accept the position offered him by the cycle firm mentioned above.

Gillman, the half-white lad, who came in second in the half-mile swimming race Saturday, is very anxious to have another trial at Clifford Mayne, the winner. He is a fine swimmer, and had it not been for the fact that he had a cramp after making the turn, he would have given Mr. Mayne a much closer tussle.
